- deal with matters required to be dealt with at an AGM in terms of the Companies Act and the Listings Requirements; and
- deal with matters raised by shareholders, with or without advance notice.

## Recommendation

The board of directors of the Company ("Board") believes that all the resolutions to be considered at the AGM are in the best interest of the Company. The Board unanimously recommends that shareholders vote in favour of the proposed resolutions.

## Voting percentage required to pass resolutions

**Resolutions 1 to 15 and 24** require the support of more than 50% (fifty percent) of the voting rights exercised on each of them by shareholders, whether in person, or represented by proxy.

**Resolutions 16 and 17** are non-binding advisory votes. Failure of either of these resolutions to receive the support of more than 75% (seventy five percent) of the voting rights exercised on each of them by shareholders, whether in person, or represented by proxy, will result in the Board implementing a shareholder engagement process, as set out in the Remuneration Report on page 22 of this Notice.

**Resolutions 18 to 23** require the support of at least 75% (seventy five percent) of the voting rights exercised on each of them by shareholders, whether in person, or represented by proxy.

<sup>1</sup> "Group" means Reunert and its subsidiary companies

Information on the execution of the duties of the Audit Committee with respect to oversight and evaluation of the external auditor is set out in the Audit Committee Report, on pages 7 to 9 of the Consolidated AFS.

## Section 75 of the Companies Act

### Resolution 15

### Ratification relating to personal financial interest arising from multiple offices in the Reunert Group

*"Resolved that any resolutions or agreements of executive directors and prescribed officers of the Company in contravention of section 75 of the Companies Act are hereby approved and ratified, but only to the extent that the relevant resolutions or agreements fell within the ambit of section 75 of the Companies Act as a result of the deeming of the relevant executive director and/or prescribed officer as a "related person" to another company in the Reunert Group, of which the relevant executive director and/or prescribed officer is also a director or prescribed officer."*

### Information pertinent to resolution 15

Section 75 of the Companies Act prohibits a director or prescribed officer from participating in or voting on any Board resolutions or entering into any agreements if such director or prescribed officer has a "personal financial interest" in the matter. This prohibition also applies if that director is related to another person that has a "personal financial interest" in that matter. Section 75 of the Companies Act further extends the definition of "related person" to other companies of which the director and/or prescribed officer is a director or prescribed officer.

As the executive directors and prescribed officers of the Company may serve more than one company in the Reunert Group, the above resolution is intended to ensure that any resolutions or agreements by the Board are valid, despite the fact that it may have involved multiple Reunert Group companies, served by the same individuals as directors or prescribed officers. The above resolution does not ratify any other actions of directors or prescribed officers that contravened section 75 of the Companies Act for any other reason. **Resolution 15** is also not intended to, and does not, limit any other statutory or common law duties that apply to directors or prescribed officers.

### 3. Non-binding advisory votes

#### Resolution 16

##### Endorsement of the Reunert Remuneration Policy

*"Resolved that Reunert's Remuneration Policy, as set out in the Remuneration Committee Report on pages 25 to 30 of this Notice, is hereby endorsed."*

#### Resolution 17

##### Endorsement of the Reunert Remuneration Implementation Report

*"Resolved that Reunert's Implementation Report, as set out in the Remuneration Committee Report on pages 31 to 33 of this Notice, is hereby endorsed."*

### Information pertinent to resolutions 16 and 17

Paragraph 3.84(j) of the Listings Requirements requires that Reunert's Remuneration Policy and Implementation Report be tabled to shareholders for a non-binding advisory vote.

Failure of either or both of **Resolutions 16** and **17** to receive support from more than 75% of the votes cast at the AGM will result in the Board implementing a shareholder engagement process, as set out in the Remuneration Committee Report on page 24 of this Notice.

The Remuneration Committee has considered the amendments to the Companies Act relating to the insertion of new sections 30A and 30B. The Committee is preparing to present information for shareholders' consideration in accordance with the new remuneration-related requirements of the Companies Act when these requirements come into effect.

### 4. Special resolutions

The following special resolutions will be proposed and, if deemed fit, passed, with or without amendments:

#### Resolution 18

##### General authority to repurchase shares

*"Resolved that the Company hereby approves, as a general authority, the repurchase by the Company, and/or any subsidiary of the Company (subject to such subsidiary's Memorandum of Incorporation and the passing of the necessary special resolution by that subsidiary), of the issued ordinary shares of the Company, upon such terms and conditions and in such amounts as the directors of the Company may from time to time determine, subject to any other approvals required in terms of the Companies Act and the Listings Requirements and provided that such repurchase shall, in aggregate, not exceed 5% of the issued shares as at the date of the AGM to which this Notice relates (which equates to 9 133 265 shares as at the date of this Notice); such authority to endure until the earlier of a superseding resolution being passed by shareholders at a shareholders' meeting of the Company or 15 months from the date of passing of this resolution, whichever is earlier."*

### Required disclosures

The information required in terms of the Listings Requirements is contained in **Annexure 'A'** hereto.

### Further information pertinent to resolution 18

The directors are of the opinion that it would be in the best interests of the Company to ensure that the Company is in a position to repurchase issued shares through the order book of the JSE, should market conditions and Reunert's share price justify such action, subject to the provisions of sections 46 and 48 of the Companies Act having been met. This general authority sought is limited to 5% of the issued shares of the Company as at the date of this Notice.

At the date of publication of this Notice, the Group holds 1 483 748 shares as treasury shares.

#### Resolution 19

##### Directors' remuneration – Fees from 1 March 2026

*"Resolved that the remuneration proposed hereunder in respect of the non-executive directors of the Company, for their services as directors (as contemplated in section 66(8) read with section 66(9) of the Companies Act), be and is hereby approved, with effect from 1 March 2026."*

*This authority shall endure until the earlier of a superseding resolution being passed by shareholders or two years from the date of passing of this resolution."*

### Notes

- <sup>1</sup> The Chair's fee is on an all-inclusive basis, including attendance at pre-planned Board and committee meetings as set out in this table. This fee, however, excludes attendance at Investment Committee meetings and additional meetings, which are paid on a "per meeting" basis. For the sake of clarity, the Chair does not receive other non-executive directors' or committee fees (other than for additional and Investment Committee meetings), regardless of whether he attends the meetings in his capacity as chair of the committee, member of the committee, or invitee.
- <sup>2</sup> The amount proposed for the Lead Independent Director is a top-up amount only, payable in addition to the non-executive director fees and committee fees, per annum. In contrast to the Chair, this is not an all-inclusive amount.
- <sup>3</sup> The Chair of the Board is also the Chair of the Nomination and Governance Committee. The proposed fee (or pro-rated portion thereof) will only be paid in the event that the chairmanship of the Nomination and Governance Committee transfers to a director that is not also the Chair of the Board.
- <sup>4</sup> The Investment Committee holds one scheduled meeting annually, in August, to deal with matters that require annual review. The Investment Committee further schedules ad hoc meetings as required to deal with the transactional matters that fall within its mandate.
- \* The proposed fees exclude value added tax ("VAT"). VAT is paid to directors, in addition to their approved directors' fees, if they are registered vendors and provide Reunert with tax invoices.

## Information pertinent to resolution 19

Section 66 of the Companies Act provides that in order for directors to be remunerated for their services as directors, the remuneration must be authorised by a special resolution approved by shareholders within the previous two years.

In assessing the fee increase/decrease, which is done annually to ensure that the fees remain appropriate, the Board, through the Remuneration Committee, took account of the average increase granted to the Reunert Group's employees, as well as management's input. The Board is of the view that the proposed increase of 4%, to be implemented from 1 March 2026, maintains alignment with the market, remuneration increases granted to executive employees in the Reunert Group and prevailing inflation.

### Resolution 20

#### Directors' remuneration for *ad hoc* assignments

*"Resolved that the chairs of the Board and the Remuneration Committee, respectively, are hereby authorised to jointly exercise discretion to pay additional fees to non-executive directors, of no more than R73 656 (excluding VAT) per director per annum, in the event that any non-executive director is involved in an ad hoc committee, litigation or other assignment on behalf of Reunert that significantly exceeds the time commitments typically required of non-executive directors in the exercise of their duties to the Board and the standing committees on which they serve. Resolved further that, should either or both these chairs have an interest in the matter, the above discretion will be exercised by the Remuneration Committee, excluding the individual or individuals with the interest."*

*The authority granted herewith shall commence on 1 March 2026 and shall endure until the earlier of a superseding resolution being passed by shareholders or two years from the date of passing of this resolution."*

## Information pertinent to resolution 20

As indicated in respect of **Resolution 19**, directors may not receive fees for their services as directors without prior approval from shareholders. This constrains the ability of the Board to fairly remunerate directors for unforeseen matters that arise during the course of the year and which necessitate significant additional effort from particular directors.

The purpose of this **Resolution 20** is to provide the chairs of the Board and the Remuneration Committee (acting together) with limited discretion to pay additional remuneration to non-executive directors where warranted by circumstances. In the event that either or both the chairs of the Board or the Remuneration Committee is or are being considered for this additional remuneration, the Remuneration Committee, excluding the individuals concerned, will exercise this limited discretion.

The fees proposed in this **Resolution 20** are limited to services as directors and do not allow for consulting or other services to be provided to the Reunert Group.

The Board has adopted a policy regulating non-executive directors' fees, which is available at <https://reunert.co.za/pdf/ned-rem-may-2025.pdf>. Among other things, the policy stipulates that Board and Board committee fees do not pertain only to the preparation for and attendance of meetings, but also assumes that the particular director will be reasonably available to consider matters that may arise during the course of the year.

The payment of additional fees to non-executive directors can be made only in the limited circumstances provided for in the policy. Any remuneration paid to non-executive directors in terms of this **Resolution 20** will form part of the disclosures to shareholders as required by section 30 of the Companies Act.

After the end of the 2025 financial year, but prior to the publication of this Notice, the chairs of the Board and the Remuneration Committee exercised their discretion to approve an ad hoc fee (in accordance with the approval granted by shareholders on 25 February 2025). Payments of R70 364 and R64 620 will be made to Mr RJ Boëttger and Mr LP Fourie, respectively, for their assistance to the Nomination and Governance Committee to advise on and oversee the recruitment and selection of a new Group CEO (whose appointment was announced on SENS on 20 November 2025).

They have both spent considerable time to screen, interview and shortlist potential candidates for the role of Group CEO and to make recommendations relating to suitable candidates to the Nomination and Governance Committee<sup>1</sup> for further consideration.

Having assessed the extent of additional duties performed by Mr Boëttger and Mr Fourie, the chairs of the Board and the Remuneration Committee are of the view that the amount paid constitutes fair compensation for the work carried out during the CEO recruitment process.

## Resolution 21

### Financial assistance relating to share repurchases and share plans relating to the Company's own shares

*"Resolved that, as a general approval, the Company may provide such direct or indirect financial assistance ("**financial assistance**") will herein have the meaning attributed to it in section 44(1) of the Companies Act) as the Board may deem fit, and on the terms and conditions, in the form, nature and extent and for the amounts that the Board may determine from time to time, to:*

- (i) any director or a prescribed officer of the Company in accordance with any formally adopted share incentive plans of the Company or the Reunert Group, from time to time; and*
- (ii) related or inter-related companies, corporations, or foreign subsidiaries (collectively "**related entities**") of the Company, in respect of the repurchase of ordinary shares of the Company as contemplated in **Resolution 18**,*

*subject to compliance with the remainder of section 44 of the Companies Act.*

*This authority shall endure until the earlier of a superseding resolution being passed by shareholders or two years from the date of passing of this resolution."*

## Resolution 22

### Financial assistance relating to securities for the advancement of commercial interests

*"Resolved that, as a general approval, the Company may provide such direct or indirect financial assistance ("**financial assistance**") will herein have the meaning attributed to it in section 44(1) of the Companies Act), to any related or inter-related companies, corporations, or foreign subsidiaries (collectively "**related entities**") of Reunert (but not to any directors or prescribed officers of Reunert) as the Board may deem fit and on the terms and conditions, in the form, nature and extent and for the amounts that the Board may determine from time to time:*

- (i) for the purpose of, or in connection with, subscription for any option, or any securities, issued or to be issued by any related entities, or for the acquisition of the securities of any related entities;*
- (ii) provided that such financial assistance is for the advancement of the Reunert Group's commercial interests in the ordinary course of business; and*
- (iii) subject to compliance with the remainder of section 44 of the Companies Act.*

*This authority shall endure until the earlier of a superseding resolution being passed by shareholders or two years from the date of passing of this resolution."*

## Information pertinent to resolutions 21 and 22

**Resolution 21** provides limited authority for the Board to authorise the provision of financial assistance relating to the Company's (that is Reunert Limited's) own shares for (i) the purchase of treasury shares by Reunert or by one of its related entities (as defined in the resolution), and (ii) the implementation of formally adopted share incentive plans.

**Resolution 22** provides authority for the Company (Reunert Limited) to provide financial assistance to the Company's related entities, in respect of securities of related entities. **Resolution 22** therefore authorises commercial transactions in the ordinary course of business in the broader Reunert Group.

<sup>1</sup> Mr Fourie's consideration of potential Group CEO candidates as a member of the Nomination and Governance Committee was remunerated in accordance with the normal principles applicable to committee members. The additional payment is for the additional time spent on the recruitment process, outside the normal scope of duties of the Nomination and Governance Committee.

The exercise of the authority sought in **Resolutions 21** and **22** remains subject to compliance with the remainder of the provisions of section 44 of the Companies Act, which requires that the Board be satisfied that:

- (i) immediately after providing the financial assistance, the Company would satisfy the solvency and liquidity test; and
- (ii) the terms under which the financial assistance is proposed to be given are fair and reasonable to the Company.

**Resolutions 21** and **22** do not allow any financial assistance for the benefit of directors and prescribed officers, other than in the course of the implementation of a formal share incentive plan.

#### Resolution 23

##### Financial assistance to entities related or inter-related to the Company for advancement of commercial interest

*"Resolved that, as a general approval, the Company may provide direct or indirect financial assistance ("**financial assistance**") will herein have the meaning attributed to it in section 45(1) of the Companies Act) to any related or inter-related companies, corporations, or foreign subsidiaries (collectively "**related entities**") of Reunert (but not to any directors or prescribed officers of Reunert), as the Board may deem fit, and on the terms and conditions, in the form, nature and extent and for the amounts that the Board may determine from time to time:*

- (i) *provided that such financial assistance is for the advancement of the Reunert Group's commercial interests; and*
- (ii) *subject to compliance with the remainder of section 45 of the Companies Act.*

*This authority shall endure until the earlier of a superseding resolution being passed by shareholders or two years from the date of passing of this resolution."*

#### Information pertinent to resolution 23

In the ordinary course of business, the Company is required to grant financial assistance to related entities (as defined in the resolution), such as performance and pre-payment guarantees, as well as the "financial assistance" which results from the cash management system of the Company and its subsidiaries.

Notwithstanding that, with effect from 27 December 2024, subsidiaries are exempted from the formalities required by section 45 of the Companies Act for the provision of financial assistance by a company to its subsidiaries, the approval sought from shareholders in **Resolution 23** is still required to enable financial assistance (subject to the limitations set out therein) to entities related to Reunert that are not "subsidiaries" as this term is defined for purposes of the Companies Act.

This resolution will therefore enable the Company (provided that the additional requirements of section 45 are also met) to provide financial assistance to entities in the Group that do not fall within the ambit of the definition of "subsidiaries" in terms of the Companies Act, as is required from time to time. Such financial assistance must be aimed at advancing the Reunert Group's commercial interests.

The exercise of the authority sought in **Resolution 23** remains subject to compliance with the remainder of the provisions of section 45 of the Companies Act, which requires that the Board be satisfied that:

- (i) immediately after providing the financial assistance, the Company would satisfy the solvency and liquidity test; and
- (ii) the terms under which the financial assistance is proposed to be given are fair and reasonable to the Company.

This **Resolution 23** does not allow the Company to provide any form of financial assistance to directors or prescribed officers.

### Promoting an ethical and values-driven culture

Reunert's Group Values and Code of Ethics remain central to embedding a culture of integrity, accountability and excellence. In 2025, this was reinforced by:

- The Employee Perception Survey which provided a broader perspective on ethical leadership, organisational culture and sustainability priorities. Action plans are being executed across business units
- Ongoing reinforcement of the refreshed and revitalised corporate identity launched in 2024, aligning brand, culture and Purpose
- The GCEO's continued advocacy of the South African CEO Pledge, demonstrating collective business leadership to promote inclusive economic growth

### Employee Perception Survey

- The 2025 survey explored employee perceptions of Reunert's Group Values and Code of Ethics, with expanded questions to gain employee views on communication, the Group's corporate and business unit identity and their level of engagement and involvement at work. The committee was pleased with a 69% participation rate, the highest in surveys done to date. The participation rate far exceeds the industry average, and we aspire to continue the improvement
- During the year, business units across the Group continued to implement various initiatives to improve communication and engagement based on the outcome of the 2023 Group Values Survey. These initiatives included regular townhall business updates and open forums. Employee recognition and reward programmes were also enhanced

Organisational ethics and whistle-blowing

Reunert's Group Values and Code of Ethics are the foundational elements of an ethical culture. We regard ethical culture as a material sustainability matter for the Group.

Reunert expects our business partners, representatives, suppliers and customers to support the principles contained in the Code of Ethics. The Setco is responsible for overseeing organisational ethics and for governance associated with the Group Values.

Reunert's Whistle-blowing Policy aims to create a culture of trust which facilitates the disclosure of information relating to criminal, unethical or irregular conduct in the workplace, for which due process will be followed. This ensures the protection of whistle-blowers who submit disclosures in good faith.

Read more about tip-offs and efforts to maintain an ethical supply chain in the Risk Report on page 108 of the Integrated Report.

The Whistle-blowing Policy stipulates reporting channels and investigation procedures. An externally managed, independent and confidential whistle-blowing facility is available 24/7 to employees and external stakeholders. Reports are investigated by the relevant executives or escalated to the Audit Committee Chair when necessary. Regular oversight is provided by the Risk and Audit Committees. No material concerns were identified in FY25, with the majority of reported matters pertaining to HR and workplace grievances. The GCEO frequently promotes the tip-off line, which features regularly in internal communications. The Whistle-blowing Policy is available at <https://reunert.co.za/policies.php>

*Reunert has zero tolerance for unethical business conduct and complies with the Prevention and Combating of Corrupt Activities Act, 12 of 2004. As per Reunert's Anti-Corruption and Bribery Policy, the offering, giving, facilitating, soliciting or receiving of any form of bribe is prohibited.*

Many of the tip-offs resulted from workplace grievances. Upon investigation, no instances of fraud, bribery or corruption were found.

Setco safeguards human rights

Reunert is committed to the protection and advancement of internationally proclaimed human rights wherever we operate and within our sphere of influence. Our business conduct is guided by the provisions of the United Nations Universal Declaration of Human Rights and the International Labour Organization's core labour standards. In compliance with the Group's Human Rights Policy, Reunert has not had to address any incidents of human rights violations, child labour, reduction of excessive working hours or forced and compulsory labour (2024: nil).

Group policies, such as our Code of Ethics and Human Rights Policy, contain our commitment to non-discrimination, freedom of association and to create a working environment that is free of all forms of intimidation or discrimination. This includes discrimination against employees based on race, gender, religion, age, sexual orientation or nationality.

Reunert's Human Rights Policy is available at <https://reunert.co.za/policies.php>

## Sustainability oversight in 2025

The Setco provided robust oversight of sustainability governance in 2025, ensuring that Reunert's operations remained compliant, resilient and positioned for long-term value creation. The focus extended beyond regulatory alignment to embedding sustainability as a strategic enabler of growth. In fulfilling its mandate, the committee considered management's initiatives in areas such as data integrity, operational efficiency and the development of decarbonisation pathways, ensuring that sustainability governance remains aligned with Reunert's long-term objectives.

### Data integrity and ESG disclosure readiness

To strengthen the credibility of non-financial reporting, management rolled out monthly data quality assessments, a Group-wide tracking system and pilot smart meters in high electricity consumption business units. These measures build investor trust, reduce disclosure risk and prepare Reunert for compliance with IFRS S2 and other global sustainability disclosure standards.

### Operational efficiency and resource stewardship

Initiatives were implemented to improve energy intensity, water efficiency and recycling rates across key operations. For example, new efficiency interventions have been identified to deliver measurable savings in electricity and water usage. These programmes not only ensure compliance with the Climate Change Act but also reduce operating costs, strengthen resilience and create a competitive advantage in markets where ESG performance influences customer and capital decisions.

### Science-based targets development

The foundations for setting science-based climate targets were advanced through the consolidation of emissions data, mapping of operational hotspots and assessment of baseline performance. This work prepares Reunert to commit to credible decarbonisation pathways that align with stakeholder expectations and position the Group to access ESG-linked capital, if required.

## Integration with strategic pillars

All sustainability efforts were explicitly aligned with Reunert's efficiency and innovation strategic pillars:

- Efficiency through cost reduction, resource optimisation and compliance risk management
- Innovation through deployment of digital solutions such as smart metering and advanced reporting tools

This integration ensures sustainability initiatives are not standalone but that they are directly tied to the Group's Strategy and resilience actions.

### Forward-looking focus

In 2026, the Setco will continue to enhance sustainability oversight by:

- Advancing progress towards embedding measurable Scope 1–3 targets
- Continued actions preparing the Group for alignment with the Climate Change Act and IFRS S2 reporting
- Integrating sustainability-linked KPIs into executive remuneration structures
- Overseeing the expansion of resource efficiency programmes across more business units

This future trajectory demonstrates to investors, regulators and stakeholders that Reunert is not only mitigating ESG risks but actively creating opportunities for long-term growth, competitive differentiation and access to sustainability-linked funding pools.

## Human capital oversight in 2025

### Improved employee retention and engagement

Stay interviews for critical employees increased employee engagement and values alignment and provided valuable insights into employee perceptions and retention drivers across the Group. Over the period, turnover of critical skills declined, reflecting positively on the Group's employee retention efforts. Read more about these interviews on page 56 of the Integrated Report.

## Reviewing the HR Strategy

A review of the HR Strategy is conducted every three years as part of the established governance process. The review is conducted to determine relevance, continued alignment and enablement of the Group's operational and Strategic objectives. As part of the review process, consultations were held with the respective business unit HR practitioners to evaluate the relevance and effectiveness of the current HR Strategy pillars and metrics.

The pillars of the HR Strategy remain relevant. Minor changes were proposed to the HR metrics for greater clarity and to ensure better alignment with evolving business priorities. The HR metric recommendations were carefully reviewed and where appropriate integrated into the HR Strategy.

The Group has ongoing advancements in proactive talent management and risk mitigation. These enhancements will further support data-driven decision-making and strengthen the Group's ability to anticipate and respond to talent-related challenges.

The strategy review reaffirmed overall alignment with business objectives and identified opportunities to strengthen execution through enhanced metrics.

### Leadership Development Programme

The fourth cohort of current and future leaders completed the Leadership Development Programme in October 2025. In FY26, the programme will be adjusted to target middle and junior managers. Reunert and its leadership teams have benefited from personal and career development, new skills and an entrenched Reunert DNA. The Group also gained value from projects undertaken by the leadership participants, including a team-based assignment to develop a business case that identifies:

- A new revenue stream
- A new market that Reunert can enter
- A new company that Reunert can acquire
- An innovative idea that could progress Reunert
- A solution to an existing business challenge

Read more about the Leadership Development Programme on page 57 of the Integrated Report.

## Strong transformation credentials

Reunert aims to achieve market-leading or matching B-BBEE verification levels for the Group and business units in the industries in which we operate.

Reunert achieved level 3 status in 2025.

While the majority of business units within both group traditional and group acquisitions successfully met their employment equity targets, a few business units fell short at specific management levels. The Setco three-year employment equity targets remain on track to be achieved by the end of the 2026 financial year. Meaningful progress was made through deliberate and focused interventions.

Read more about the Group's B-BBEE performance on page 61 of the Integrated Report and download the B-BBEE certification per business unit from the website at <https://reunert.co.za/supplementary-reports.php>

## Regulatory compliance focus

The Setco oversees regulatory compliance that falls outside the mandates of other Board committees. This includes receiving reports of material instances of non-compliance with laws and regulations or regulatory investigations. No information was reported to the Setco in this regard during FY25.

Each business unit is responsible for its own legislative compliance, with support from the Group on some matters<sup>1</sup>. Reunert's Group functions set standards for accounting, taxation, human resources, litigation and company secretarial services. Group executives, together with business units' leadership, embed the Combined Assurance Framework (read more on page 107 of the Integrated Report) and monitor business units' compliance, processes and procedures.

Every year, business unit CEOs certify their business units' compliance with the Competition Act, 89 of 1998, the Prevention and Combating of Corrupt Activities Act, 12 of 2004 and other relevant laws and regulations. The Setco supervises the annual compliance confirmation certification process. Effective Group-wide compliance is further supported by:

- Policies and practices
- Internal audit
- Defalcation reports
- The whistle-blowing facility

<sup>1</sup> Refer to the standards and principles fact sheet, which sets out some of the key internal and external standards and principles that are applied in the Group at <https://reunert.co.za/supplementary-reports.php>

- Group-wide training for new employees and essential pieces of legislation

The Setco is confident that the Group is in a good position to implement the Climate Change Act when it comes into effect. Compiling credible non-financial data and streamlining sustainability reporting structures have been focus areas over the past few years.

Reunert's implementation of Extended Producer Responsibility legislation and related waste initiatives is set out from page 74 of the Integrated Report.

## Salient regulatory features

- The Employment Equity Amendment Act, 4 of 2022 became effective on 1 January 2025. On 15 April 2025, new regulations were gazetted, introducing five-year numerical targets. Reunert's EE plans are designed to ensure accuracy, to incorporate "justifiable grounds" where applicable and to provide clarity on representation levels and associated challenges. As part of this process, a comprehensive Group-level review is being conducted for each business unit prior to their initial submission under the amended legislation. This centralised approach is aimed at ensuring consistency and effective reporting
- Some Companies Act amendments came into effect on 27 December 2024. Accordingly, we reviewed the Setco mandate to align with the new provisions, including the process driving the election of members by shareholders. Relevant provisions that are not yet in effect include the preparation of a report for shareholders to be presented at the AGM
- The Public Procurement Act, 28 of 2024 will come into effect once the regulations are released, at which time the impact on Reunert will be confirmed
- Compulsory Competition Law training has been rolled out to selected participants and declarations were signed on completion of the training

Depending on their nature, regulatory changes are monitored by:

- Business units (particularly where they fall within the specialist knowledge of a particular business unit)
- Functional specialists (e.g. changes to tax law, International Financial Reporting Standards or corporate law)
- External legal advisors where required

## Confirmation of compliance with the Companies Act

The Board, on the recommendation of the Setco, confirms that Reunert is:

- Compliant with the provisions of the Companies Act and the relevant laws applicable to its establishment, specifically relating to its incorporation
- Operating in conformity with its Memorandum of Incorporation

## Conclusion

In executing its statutory duties, the Setco provided oversight of strategies and initiatives related to human capital, B-BBEE, Group Values, ethics, transformation and sustainability. I would like to reassure our stakeholders that Reunert is working on our alignment with IFRS S2, amendments in the Climate Change Act and ESG capital flows, and I am pleased with our engagements on these. The Group has demonstrated consistent and effective people management practices supported by an ethical and values-driven culture. Reunert's commitment to these areas support a safe and positive work environment and sustainable business practices.

The committee is satisfied that its responsibilities in terms of its Terms of Reference and statutory duties in terms of Regulation 43 of the Companies Regulations, 2011, have been fulfilled.

### Changes to the Remuneration Policy

The Remco reviewed the 2025 Remuneration Policy. This assessment involved evaluating the policy against internal requirements and market practices. The Committee concluded that the remuneration governance process remains unchanged.

To ensure that the Remuneration Policy adheres to best practices and effectively supports the implementation of strategy, operational performance and employee retention, minor changes have been made to the 2026 policy. The details of the changes to the Remuneration Policy are outlined in the table below.

| Remuneration element | Short-term incentive (STI) plan                                                                                                                                                                                                                                                                                                                                                                                                     |

Pay gap analysis

An internal parity exercise was conducted in July 2025 for top management across the Group and across functions. The assessment was aimed at identifying any anomalies, considering tenure, experience, or the size of the business unit. Overall, the internal parity was found to be consistent. As indicated in 2023, the Group commenced its pay gap analysis, developed processes for this exercise and considered changes to the Companies Act in relation to remuneration, with specific reference to Section 30A of the Companies Act.

The pay gap analysis aims to compare the pay of employees doing "like for like" work in the Group while accounting for reasonable differentials such as work experience, credentials and job performance. The pay gap analysis will continue. Remco took a decision to defer external benchmarking for one year. External benchmarking will be conducted again in 2026 and will continue as per the practice of conducting external benchmarking every two years. The Remco engages the services of independent remuneration consultants as required and for matters that require external advice. No external advice was required in 2025.

Shareholder approval

The Remuneration Policy and Implementation Report were presented for shareholder approval at the Annual General Meeting (AGM) held on 25 February 2025 and were approved by 94.44% and 94.54% of voting shareholders, respectively. The shareholder voting results demonstrate Reunert's commitment to engaging with and addressing shareholders' concerns.

Going forward

The Remco endorses the implementation of the Remuneration Policy and is confident in its alignment with the Group's strategic objectives. Each year, the Remuneration Policy is subject to a comprehensive review, and the upcoming 2026 review will entail a thorough assessment of both internal and external factors influencing the policy.

## SECTION TWO: OVERVIEW OF THE REMUNERATION POLICY

### Remuneration approach

The Remuneration Policy guides the Group's remuneration practices. The Remuneration Policy is set to:

- Attract, retain, reward and motivate talent
- Reward performance
- Promote positive outcomes and achievement of operational and strategic objectives
- Be flexible to adjust to changing economic conditions and the Group's needs
- Foster individual performance and teamwork
- Promote an ethical culture and responsible corporate citizenship
- Drive transformation and sustainability within the workplace

The Remuneration Policy comprises a guaranteed package (GP) and a mix of variable pay (STI and LTI). The STI annually rewards business unit leadership for achieving their financial and non-financial KPIs, and the LTI drives long-term Group performance. The Remuneration Policy is structured to ensure alignment between top management and shareholders' interests.

### Fair and responsible remuneration

The Group has adopted a policy whereby every employee will earn at least 25% above the national minimum wage framework in South Africa. This is confirmed annually through an internal review process. The internal review process also confirmed that employees are remunerated fairly and in accordance with job functions.

### Remuneration elements

The Remuneration Policy is designed to balance GP and variable pay to assist Reunert in reaching its strategic and operational objectives. Remuneration comprises three core elements, as presented in the tables.

## Executive director remuneration

### Targeted pay mix for executive directors

The executive pay mix is structured to drive sustainable value creation over the longer term. The graphs below illustrate the relative weighting between GP, STI and LTI depending on the extent to which targets are achieved.

Group CEO (%)

Group CFO (%)

Group Human Capital and Sustainability Executive Director (%)

Note:

- The below target level assumes that neither the STI nor the LTI performance conditions are achieved.
- The on-target level assumes that budgeted targets have been achieved, with a 50% vesting of annual LTI allocations and on-target STI performance.
- The stretch target level assumes that the maximum targets have been achieved, with 100% vesting of annual LTI allocations and maximum STI achievement.

#### Service contracts

All executive directors are compensated according to the Group's Remuneration Policy. Executive directors' employment contracts align with the Group's standard terms and conditions of employment and include a six-month notice period.

Executive directors do not receive extended fixed-term employment contracts or special termination benefits. If operational requirements necessitate that an executive director's employment be terminated, payment will be as per the Group's retrenchment practices and South African labour legislation. No severance payments were made to executive directors in 2025.

Executive directors do not receive additional remuneration for attendance at Board or committee meetings.

## Malus and clawback

Reunert has malus and clawback provisions that enable adjustments to variable pay. The Board may act on the recommendation of the Remco to reduce, cancel or adjust unvested variable remuneration (malus) or to recover (clawback) vested/paid variable remuneration where there is reasonable evidence that an executive materially contributed to or was materially responsible for, but not limited to:

- Acting fraudulently or dishonestly, or in a manner that adversely affects the Group's reputation or is characterised as gross misconduct
- Directing an employee, contractor or adviser to act fraudulently, dishonestly, or to undertake other misconduct
- Receiving an STI or LTI award because of fraud, dishonesty or a breach of obligation committed by another person
- Receiving an STI or LTI award because of an intentional error in calculating a performance measure

## Short-term incentive

The STI payment is assessed against performance on preset financial targets and non-financial objectives and measures. The STI comprises:

- Financial KPI carries a weighting of 75%:
  - NHEPS for executive directors
  - Operating profit for top management
- Non-financial KPIs carry a weighting of 25%:
  - People transformation, linked to achieving employment equity targets (10%)
  - Management of talent linked to the HR strategy (9%)
  - Environmental, social and governance (ESG) targets linked to the Sustainability Strategy and Framework (6%)

## Remuneration policy for non-executive directors

### CONTRACTS

Non-executive directors do not have service contracts with the Group. Reunert's Memorandum of Incorporation governs non-executive directors' terms of office. It requires that one-third of the Board must retire by rotation every year and may make themselves available for re-election by shareholders.

### FEES

Non-executive directors receive a standard fee for their services on the Board and Board committees. Non-executive directors are not eligible for any Group incentives. The Remco reviews the fees annually and conducts an external benchmarking exercise every second year.

Fees are submitted to shareholders for approval annually at Reunert's AGM, and changes are effective from 1 March each year. The last approved fees will apply if shareholders do not approve the proposed fees.

### BENEFITS

Reunert covers travel costs and expenses incurred in the normal course of business, for example, attending Board and Board committee meetings. Reimbursement of expenses incurred by non-executive directors is subject to a comprehensive policy, which is available at <https://reunert.co.za/pdf/governance/2024/reunert-limited-policy-ned-rem-may-2024-board-approved.pdf>

### 2025 STI awards

Executive directors and business unit top management qualified for incentive payments by meeting financial targets and/or non-financial KPIs. The Remco approved the STI awards shown in the table below following a detailed assessment of the relevant financial targets and non-financial KPIs, and applied its discretion where required and in accordance with its terms of reference.

The Remco is satisfied that the STI awards reflect the Group's performance for FY25.

## Other remuneration matters

### Group CFO retirement

To recognise the exiting Group CFO's contribution and acknowledge his commitment to ensuring a smooth transition to his successor, the Committee approved a gratuity payment equal to one year of his guaranteed pay.

### Group CEO transition

To protect the interests of the Group, the Remco proposed and the Board resolved to implement a two-year restraint of trade period for the GCEO following his departure. The GCEO will receive a payment equal to 1.2 times annual guaranteed pay, paid in December 2026. This approach balances fairness to the GCEO and safeguards the Group's strategic and commercial interests.

The Remco resolved to retain critical skills in the Group. In support of this objective, retention agreements were concluded with five executives, namely the GCFO, the Group Human Capital and Sustainability Executive Director, the ICT and AE Segment CEOs and the Executive: Corporate Finance and Strategy. The agreed-upon retention mechanism is directly linked to the Reunert share price, with each executive being awarded Phantom Units equivalent to 80% of their annual guaranteed pay. To ensure strong alignment with shareholder interests, the ultimate value realised under these agreements will be determined by the Reunert share price at the end of the two-year retention period.

## Basis of preparation

The consolidated annual financial statements for the year ended 30 September 2025 have been prepared in accordance with:

- IFRS® Accounting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards);
- SAICA Financial Reporting Guides as issued by the Accounting Practices Committee;
- The Financial Pronouncements as issued by the Financial Reporting Standards Council;
- The JSE Limited Listings Requirements; and
- The requirements of the Companies Act.

In line with the presentation and disclosure guidelines to IAS 1 – Presentation of Financial Statements, the accounting policies only include those policies which are material to the understanding and interpretation of the financial statements. Accounting policies have been included as part of the notes to the financial statements, where this facilitates the users' understanding of those matters being presented in the note.

The financial statements have been prepared on the going concern and the historical cost bases, except where otherwise indicated in the relevant accounting policy. Examples where historical cost has not been applied include:

- Certain financial instruments including derivatives and non-derivatives measured at fair value through profit or loss (FVTPL);
- Cash settled share-based payments; and
- Business combinations.

The accounting policies in the notes to the financial statements have been consistently applied, in all material respects, with those applied in the previous year.

The Group applied IFRS 5: Non current assets held for sale and discontinued operations (IFRS 5), due to the operations of Blue Nova being classified as a discontinued operation. The statement of profit or loss, statement of other comprehensive income, notes to the statement of cash flows, and notes to the statement of profit or loss have been re-presented as if the operation has been discontinued from the beginning of the comparative year. Refer to note 7, Discontinued operation for further detail.

The Group's business interests are diverse, with its various subsidiaries providing a broad range of products and services to a wide set of markets and customers.

The financial statements were compiled under the supervision of KM Kathan CA(SA), AMP Harvard, the Group's Chief Financial Officer and Executive Director. These were approved and authorised on 19 November 2025.
