1. Introduction

The social, ethics and transformation committee (“**the Committee**”) is constituted, as a standing committee of the board of directors (“**the Board**”) of Reunert Limited (“**Reunert**” or “**the Company**”), in compliance with the requirements of section 72 of the Companies Act, 2008, read with Regulation 43 of the Companies Regulations and further to assist the Board with its oversight of ethics, good corporate citizenship and labour-related matters of the Company and its subsidiaries, and associates and affiliates to the extent relevant or applicable (“**the Reunert Group**”), and matters that are related thereto, as set out in these terms of reference.

2. Purpose of the terms of reference

The purpose of this document is to constitute the terms of reference of the Committee by setting out the role and responsibilities of the Committee, to regulate the affairs of the Committee and deal with administrative matters relating thereto. In the event that there is a conflict between these terms of reference and any regulation that binds the Committee, the provisions of the regulations will prevail.

3. Composition

3.1 Appointment of and requirements relating to members

The Committee must have at least three members. The majority of its members must be non-executive directors and the majority of the non-executive directors must be independent. The composition of the Committee shall, at a minimum, meet the requirements prescribed by the Companies Act¹ and the JSE Limited Listings Requirements² (“**Listings Requirements**”). The collective skills and experience of the members must be appropriate to carrying out the role and associated responsibilities of the Committee.

At least one member of the Committee must also be a member of the remuneration committee.

Members of the Committee are recommended by the nomination and governance committee and appointed from time to time by the Board.

¹ Regulation 43(4) provides that:

“A company’s social and ethics committee must comprise not less than three directors or prescribed officers of the company, at least one of whom must be a director who is not involved in the day-to-day management of the company’s business, and must not have been so involved within the previous three financial years.”

² Section 3.84(c) of the Listings Requirements reads as follows:

*“all issuers must, in accordance with the King Code appoint an (i) audit committee, (ii) a committee responsible for remuneration and (iii) a **social and ethics committee**. The composition of such committees must comply with the Companies Act (as applicable) and should be considered in accordance with the recommended practices in the King Code on an apply and explain basis, provided that each committee must comprise of at least three members. A brief description of the committee mandates, the number of meetings held and other relevant information must be disclosed in the annual report”*

3.2 Filling of casual vacancies

The Board must appoint an individual to fill a vacancy (that is, when the membership of the Committee no longer meets the minimum regulatory requirements), as soon as possible, but before the next meeting of the Committee.

As the minimum membership requirements of the Committee are prescribed by the Companies Act and the Listings Requirements, the Committee may not continue to execute its mandate if it does not meet the minimum requirements.

3.3 Attendance by request

The Committee may require any employee of the Reunert Group, external consultant, or subject matter expert, to attend some or all of the meetings of the Committee, but (unless appointed to the Committee in accordance with the process in paragraphs 3.1 and 3.2) these individuals may not be members of the Committee and, as such, may not vote on any matters before the Committee.

Generally, unless the Committee decides otherwise, the Committee will request at least the chief executive officer (if not a member of the committee) and the executive responsible for the Group's human resource management and sustainability strategy to attend its meetings.

3.4 Chair of the Committee

The nomination and governance committee recommends, for approval by the Board, a member of the Committee to be its chair. The chair must be an independent non-executive director of the Company.

The chair of the Board may not also be the chair of the Committee.

If the appointed chair of the Committee is absent from a meeting, the members present shall elect one of them to act as chair of that meeting (in which event the chair of the Board is eligible to be elected as chair of that meeting).

4. Mandate

The role and associated responsibilities and functions of the Committee, excluding matters specifically included in mandates of other committees of the board, are to:

4.1 King IV: Ethics

- oversee and monitor organisational ethics within the Reunert Group.

4.2 Strategy implementation – sustainability strategy

- monitor and make recommendations to the Board on the implementation of the Reunert Group Sustainability Strategy, which strategy shall, at a minimum, deal with transformation and the environment.

4.3 Regulation 43: Human resources

4.4 Regulation 43: Corporate citizenship

³ Regulation 43 refers to the “*International Labour Organization Protocol on decent work and working conditions*”. The ILO has a number of publications on decent work, but it is not clear what “Protocol” companies in the Reunert Group should be measured against. In 2013 the ILO published a list of South African legislation that they regard to relate to decent work (http://www.ilo.org/wcmsp5/groups/public/---dgreports/---integration/documents/publication/wcms_232765.pdf_on_page_80) Given that the Reunert Group complies with the existing South African labour legislation the Group is providing decent work and working conditions.

⁴ The BBBEE-ratings include measurement of Enterprise and Supplier Development (ESD); Socio-economic Development (SED) and Skills Development.

⁵ Due to the minimal consumer relationships in the Reunert Group (more than 95% of the Group’s sales are business-to-business) the Committee will not focus on advertising, public relations and consumer relationships.

⁶ Each committee of the board shall oversee the areas of regulatory compliance that fall within their specific areas of responsibility. In particular, the audit committee will consider aspects of regulatory compliance that relate to financial reporting.

- receive reports in respect of material instances of non-compliance with laws and regulations or regulatory investigations:
 - if and when the Executive Committee is aware of:
 - an instance of material non-compliance; or
 - regulatory investigations and believes that the investigation is likely to find a material instance of non-compliance; or
 - of any other instance, related to regulatory compliance (not reported to other board committees), that the Executive Committee believes is relevant and warrants the investigation being brought to the Committee's attention (including considerations such as materiality or likelihood of reputational risk);
- oversee the annual managing director compliance certification process; and
- oversee Reunert's regulatory compliance processes.

4.6 King IV: Stakeholder relationships

- consider whether there are additional stakeholder groupings not appropriately dealt with by the Board, the Committee (in terms of Regulation 43 the Committee is responsible for overseeing relationships with employees, communities and customers) or other committees of the Board; and

 in the event that Reunert publishes a circular in respect of:
 - rights offers;
 - capitalisation issues; and/or
 - category 1 transactions.

4.9 Interaction with remuneration committee

- make recommendations to the remuneration committee on performance measures, including setting the measures and advising on the extent to which they have been achieved, associated with the implementation of the Reunert Group Transformation Strategy (such as matters relating to Employment Equity and Sustainability) and any other matters which fall within the mandate of the Committee as may be relevant to the Group's remuneration policy and remuneration implementation.
